Small Business Waste Program (SBWP)

located at the Hazardous Products Center (HPC)
6770 E. Landfill Road
Flagstaff, AZ 86004
Phone: (928) 527-9005/Fax: (928) 527-1637
http://flagstaff.az.gov/businesswaste

Program Goal: Provide safe, affordable and ecologically appropriate disposal/recycling of hazardous materials at reasonable rates to businesses qualifying as Conditionally Exempt Small Quantity Generators (CESQGs).

Benefits the SBWP provides:

The SBWP provides voluntary businesses with a local facility for the disposal/recycling of hazardous wastes. By offsetting transportation costs and combining wastes from multiple businesses, the SBWP offers an economical disposal option for businesses. All wastes are recycled and/or disposed of in accordance with all federal, state and local regulations.

What businesses can participate in the program?

A business located in the City of Flagstaff or Coconino County qualifying as a CESQG. The SBWP reserves the right to confirm your generator status for program verification.

Conditionally Exempt Small Quantity Generator Qualifications:

According to federal regulations (40 CFR 261.5), a CESQG is a generator (business owner) that meets the following three criteria:

1. Generates less than 220 pounds of hazardous waste (defined by RCRA) in a calendar month; and
2. Accumulates at any time or generates less than 2.2 pounds of acute hazardous waste in a calendar month (acute hazardous waste begins with an EPA waste code of "P" or the following "F" codes: F020, F021, F022, F026, and F027); and
3. Accumulates no more than 2,200 pounds of hazardous waste (defined by RCRA) at any one time.

What do businesses need to do in order to participate?

1. Please speak with the HPC's Environmental Program Specialist to determine program eligibility.
2. Complete and submit the online Generator Certification Electronic Form **or** complete and return the printable Generator Certification Form. Printed forms must be returned by fax to: (928) 527-1637.
3. After your Generator Certification form has been reviewed, the SBWP will contact your business to schedule an appointment. Business waste **will not** be accepted without an appointment or completed paperwork. If your business does not qualify for assistance, other options can be provided to you.
4. Safely and securely transport waste(s) to the HPC with proper labeling and containerization.
5. All materials are weighed, inventoried, segregated and a final bill is generated. Final prices reflect the processing and disposal/recycling costs. All SBWP invoices will be billed through City Hall. Statements/Invoices will be mailed out at the beginning of each month. SBWP invoice payment is accepted at City Hall located at 211 W. Aspen Avenue, Flagstaff, AZ 86001.

Small Business Waste Program (SBWP)

What types of wastes are accepted at the HPC?

The SBWP accepts common consumer items such as:

- Automotive Products-Antifreeze, Batteries, Brake Fluid, Gasoline, Lubricants, Oil (new & used), Transmission Fluid and Waxes
- Common Consumer Products-Aerosols, Batteries, Camping Propane Canisters, Cleaners, Detergents, Nail Products and Photo Chemicals
- Electronic Units-Cell Phones, Computer Towers, Monitors, Stereos, DVD/VCR players, Peripherals (mice, cords, keyboards) and Televisions
- Gardening Products-Fertilizers, Fungicides, Herbicides, Insecticides, Pesticides and Poisons
- Industrial Waste-such as Acids, Bases, Flammables and Oxidizers not commonly available to the public and/or distributed with a SDS. A SDS must be supplied to the HPC in advance along with the waste inventory
- Painting Products-Additives, Latex & Oil Paint, Putty, Shellac, Solvents, Stains, Thinners and Varnishes
- Universal Waste/Electrical Waste Products-(not included in CESQG limits) Fluorescent lamps that are unbroken, separated by lamp type, counted and sealed. Boxes are additional cost. PCB Ballasts and Non-PCB Ballasts

What types of wastes are NOT accepted at the HPC?

Ammunition, Asbestos Materials, Biohazardous Waste, Broken Fluorescent Bulbs, Compressed Gases, Explosives, Flares, General Trash and Recyclables, Mixed Waste, Pharmaceuticals/Medications, Radioactive Materials, Sharps/Medical Waste, Tires and any container larger than 5-gallons (exceptions may be made with prior approval, please contact the HPC at 527-9005).

What are the costs associated with CESQG waste disposal?

The SBWP requires an annual program registration fee of $50.00 which includes administrative fees and provides educational opportunities about hazardous waste to the community and your business. Specific waste disposal costs vary by waste type and are based on the city's cost to dispose of the specific materials (Please see pricing below). Waste may be subject to handling or evaluation fee.

Packaging and Transporting the waste to the HPC facility?

Please use original containers and labels if possible to decrease the risks of spills and exposure. As the waste generator, it is the responsibility of the CESQG to follow all applicable regulations regarding identification and transportation of waste to ensure safe and secure delivery of properly labeled and inventoried waste as required by the U.S. Department of Transportation. The City of Flagstaff shall not be responsible for any costs and/or liability associated with the CESQG's failure to comply with these requirements or applicable federal laws. For transportation questions, please call DOT HazMat at (800) 467-4922.

Further Questions/Assistance

- The Small Business Waste Program-please call the Environmental Program Specialist at (928) 527-9005
- EPA has information for Conditionally Exempt Small Quantity Generators, http://www.epa.gov/osw/hazard/generation/cesqg.htm
- ADEQ Compliance Assistance Program at (800) 234-5677 or visit ADEQ at: http://www.azdeq.gov/environ/waste/hazwaste/index.html

Estimated Fee Schedule-Subject to change without notice (*070113):

Waste Type	Waste Description:	Cost/Unit
Aerosols	Oven Cleaners, Spray Paints, Automotive Degreasers, Insect Killers...	$1.02 each
Antifreeze	Used Antifreeze	$.50 ¢ per gallon
Ballasts	PCB and Non PCB Ballasts	$1.48/$.42 ¢ per pound
Batteries-Lead Acid Automotive/Back-ups	Sealed Lead Acid Batteries Automotive/Computer Back-ups	$4.00 each/$2.00 each
Batteries-common/Lithium batteries	AA, AAA, C, D, lantern, Button, Ni-Cd, and Ni-Mh/Lithium separate	$0.88 per lb alk./$1.62 per lb li
Corrosives	Solid and Liquid Corrosives (Acids and Bases)	$3.50 per pound
Electronics < 25 units/ Electronics > 25	Electronic units: Monitors, Towers, Stereos, VCR's, DVD's, Printers, Fax Machines (Free Standing Copiers and Televisions are separate). Each item is 1 unit. No charge for peripherals.	$4.25 per unit/$0.07 per pound $8.49 per copier unit $6.25 per TV
Flammable Liquids/Solvents	Diesel, Gasoline, Kerosene, Oil-Based Stains, Solvents and Thinners...	$3.57 per gallon
Fluorescent Lamps-linear CFLs/U-tubes/Circular/PARs and Halogen	**Unbroken** Linear Fluorescent Lamps CFL's, U-tubes/Circular/PARs/Halogen *Additional charges for mixed/improperly packaged lamps/ surplus boxes	$.15 ¢ per ft * (Ex. 4'=$0.60¢ & 8'=$1.20) $.49 ¢ per CFL/U/Circ./PAR/Hal.
HID/MH/Low-High Sodium Lamps/UV	**Unbroken** HID/Metal Halide/Low-High Pressure Sodium Lamps/UV	$1.38 per lamp/ $3.52 per UV
Latex Paints	Cost is based off of container size and **not** volume remaining in container. Mixing paint is prohibited and **can** incur additional solidification costs. Solidification is for paint that is of poor consistency, has been frozen, or is odiferous; *additional costs may apply*.	$1.00 per quart container $2.00 per 1 gallon container $5.00 per 5 gallon container
Mercury-Elemental and Articles	Elemental Form/Thermostats, Thermometers...	$42.68 per pound/$14.42 each
Non-Regulated RCRA Liquid Waste	Soaps, Cleaners, Detergents within parameters	$5.58 per gallon
Oil/Oil Filters	Used Motor, Hydraulic & Lubricating Oil (Test Kit May be required)	$.50 ¢ per gallon/$2.00 per filter
Oxidizers	Solid and Liquid Oxidizers (Bleach, Pool/Spa Chemicals...)	$6.25 per pound
Paint Related Materials-Loose-packed/5 gal	Flammable Adhesives, resins, tars, tubes, wood putty...cannot be poured	$.94 ¢ per pound/$47.72 per 5g
Photo Chemicals	Liquid Photo Chemicals (Developers, Fixers and Stop Baths) No mixing!	$7.63 per gallon/$3.84 per quart
Poisons/Toxics	Solid/Liquid Poisons and Toxic Products (Gardening/Household products)	$2.15 per pound
Propane Camp Canister	Small Propane Camping Canisters	$4.61 each
Any Material Not Listed	Shall be discussed with Program Administration Prior to Acceptance	Case by Case Basis (CBC)
Additional Costs//Missed Appointments	Waste may be subject to a handling or evaluation fee//per missed appt.	CBC//$25.00 per missed appt.
