

RECLAIMED WATER LOAD STATION

Important Information

GENERAL INFORMATION

- Reclaimed water load stations are open 24 hours per day (Subject to change).
- Sales tax is calculated and is included in the overall rate.
- Tracking and maintaining account balances is the customer's responsibility. (Account balances (in gallons) appear on the access terminal every time water is dispensed)
- Maintenance of an account at City Hall is only available during normally posted business hours.
- In general, City Hall hours of operation are: Monday through Friday:
 - Summer: 7am to 4pm (Approximately - End of May to beginning of September).
 - Winter: 8am to 5pm (Approximately - Beginning of September to End of May)

REGULATIONS

- Reclaimed water should never be hauled in an approved potable water tank. Trucks must be marked "Non-Potable" on the tank. For a list of reclaimed water uses, please contact the Utilities Department. The City currently provides Class A reclaimed water.
- The city requires all haulers of reclaimed water to complete a "Reclaimed Water Hauling Agreement." Permits are good from January 1st to December 31st of each year. There is no charge for the permit. Agreements may be obtained at the Utilities Department office, 2nd Floor, Flagstaff City Hall, 211 W. Aspen Ave.
- It shall be unlawful for any person intentionally to break, deface, tamper with or damage any meter, hydrant, valve, pipe or other water system appliance or fixture, or in any other manner interfere with the operation of any part of the water system of the City. It shall be unlawful for any person, with intent to injure or defraud, to connect any pipe, tube or other instrument with any main or service pipe for conducting water belonging to the City, for the purpose of taking water from such main or service pipe without the permission or authority of the Utilities Division. (Ord. 800, 5-25-71)
- It shall be unlawful to permit any coupling, pipe, fitting, or tank not dedicated for potable water use to come into contact with public water facility dispensing hoses. Any person violating the provisions hereof shall be guilty of a misdemeanor and incur a penalty in the sum of one hundred-fifty dollars (\$150.00). Section 7-03-001-0007 Malicious Damage (Flagstaff City Code).

In addition to the \$150 penalty, anyone using the wrong type of tank, such as a non-potable tank at a potable station, will have their account discontinued and will need to attend a mandatory one-hour training session at City Hall with the Utilities Program Manager. If you would like to learn more, please contact Robin Harrington at (928) 213-2116 or rharrington@flagstaffaz.gov. Free training is available at your site for your staff upon request to educate loadout station users to prevent these violations.

RECLAIMED WATER LOAD STATION LOCATIONS

1. Rio de Flag Water Reclamation Plant (2 Stations), 600 Babbitt Way
2. Wildcat Hill Wastewater Treatment Plant, 2800 N. El Paso Flagstaff Road
