

## Memorandum – Staff Reports

---

**Date:** May 22, 2013  
**To:** FMPO Executive Board  
**From:** Martin Ince, Multi-Modal Planner  
David Wessel, FMPO Manager  
**Re: Ongoing Transportation Projects**

**Enhancement Grants:** No update

**Federal Reauthorization** – See these sites for more information:

FHWA: <http://www.fhwa.dot.gov/map21/>

FTA: <http://www.fta.dot.gov/map21/index.html>

**I-40 Design Concept Report** – No updates

**I-17 Design Concept Report.** Now complete.

**US 89A/J.W. Powell Boulevard Intersection** – right-of-way purchase underway. Utility relocation related to power lines may create delays. Moved to FY14 in ADOT's program.

**ADOT Planning to Programming (P2P)** – Staff will participate in the next workshop on later this week. Process appears logical. Challenge will remain in managing performance measures and their effect on the program.

**Fourth Street North** – No update

**FHWA Initiative - Every Day Counts** – no update

**Traffic Counts/ADOT Traffic Data Management System** –Additional staff training for reporting and data uploads held for May 16, 2013. Staff will work to make the information more widely known.

**Beulah Boulevard Extension** – ADOT announced the public private partnership selection results and the impacts to development at this site. The City successfully reprogrammed federal funds out from this project to assist the City in meeting its financial and schedule commitments. **THIS WILL RESULT IN A REQUIRED TIP AMENDMENT**

**Arizona State Transportation Board Dinner – May 9, 2013** – ADOT staff are no longer allowed to attend sponsored events without paying full cost recovery with a nominal \$15
