

Project Number: Reclaim 1

Planning Period: FY '15-'16

Description: Buffalo Tank Chlorination: Design and installation of chlorination and mixing equipment to assure a minimum chlorine residual throughout the system.

Justification: A residual chlorine concentration is necessary to reduce sludge buildups in the tank and lines and reduce potential public health effects of water borne vectors.

Conceptual Cost:	Project Number:	WW 3226
	Construction Cost:	\$150,000
	Project Cost:	\$150,000
