

Project Number: Stormwater 5

Planning Period: FY '15

Description: Five Points Drainage Improvement: Underground stormwater conveyance for Clay Avenue Wash at the intersection of Butler Ave and Milton Rd. is undersized and creates frequent and significant local flooding. A large open channel and box culvert extension are proposed south of Natural Grocers to alleviate flooding.

Justification: The undersized infrastructure creates localized flooding and high maintenance.

Conceptual Cost:	Project Number:	WS 3238AF
	Construction Cost:	\$110,000
	Project Cost:	\$175,000

Facility Design:	Project Number:	WS 3238AF
	Type:	SW Infrastructure
	Quantity:	1,000 ft.
