

CITY COUNCIL REPORT

DATE: May 12, 2016

TO: Mayor and Councilmembers

FROM: Barbara Goodrich, Deputy City Manager

CC: Josh Copley, Shane Dille, Leadership Team

SUBJECT: Road Repair and Street Safety Projects and Overlay Projects

This report is in response to a Councilmember's request. Attached please find all road projects completed from 2015 forward as well as those scheduled through 2021 from the Road Repair and Street Safety Initiative (RRSSI).

DISCUSSION

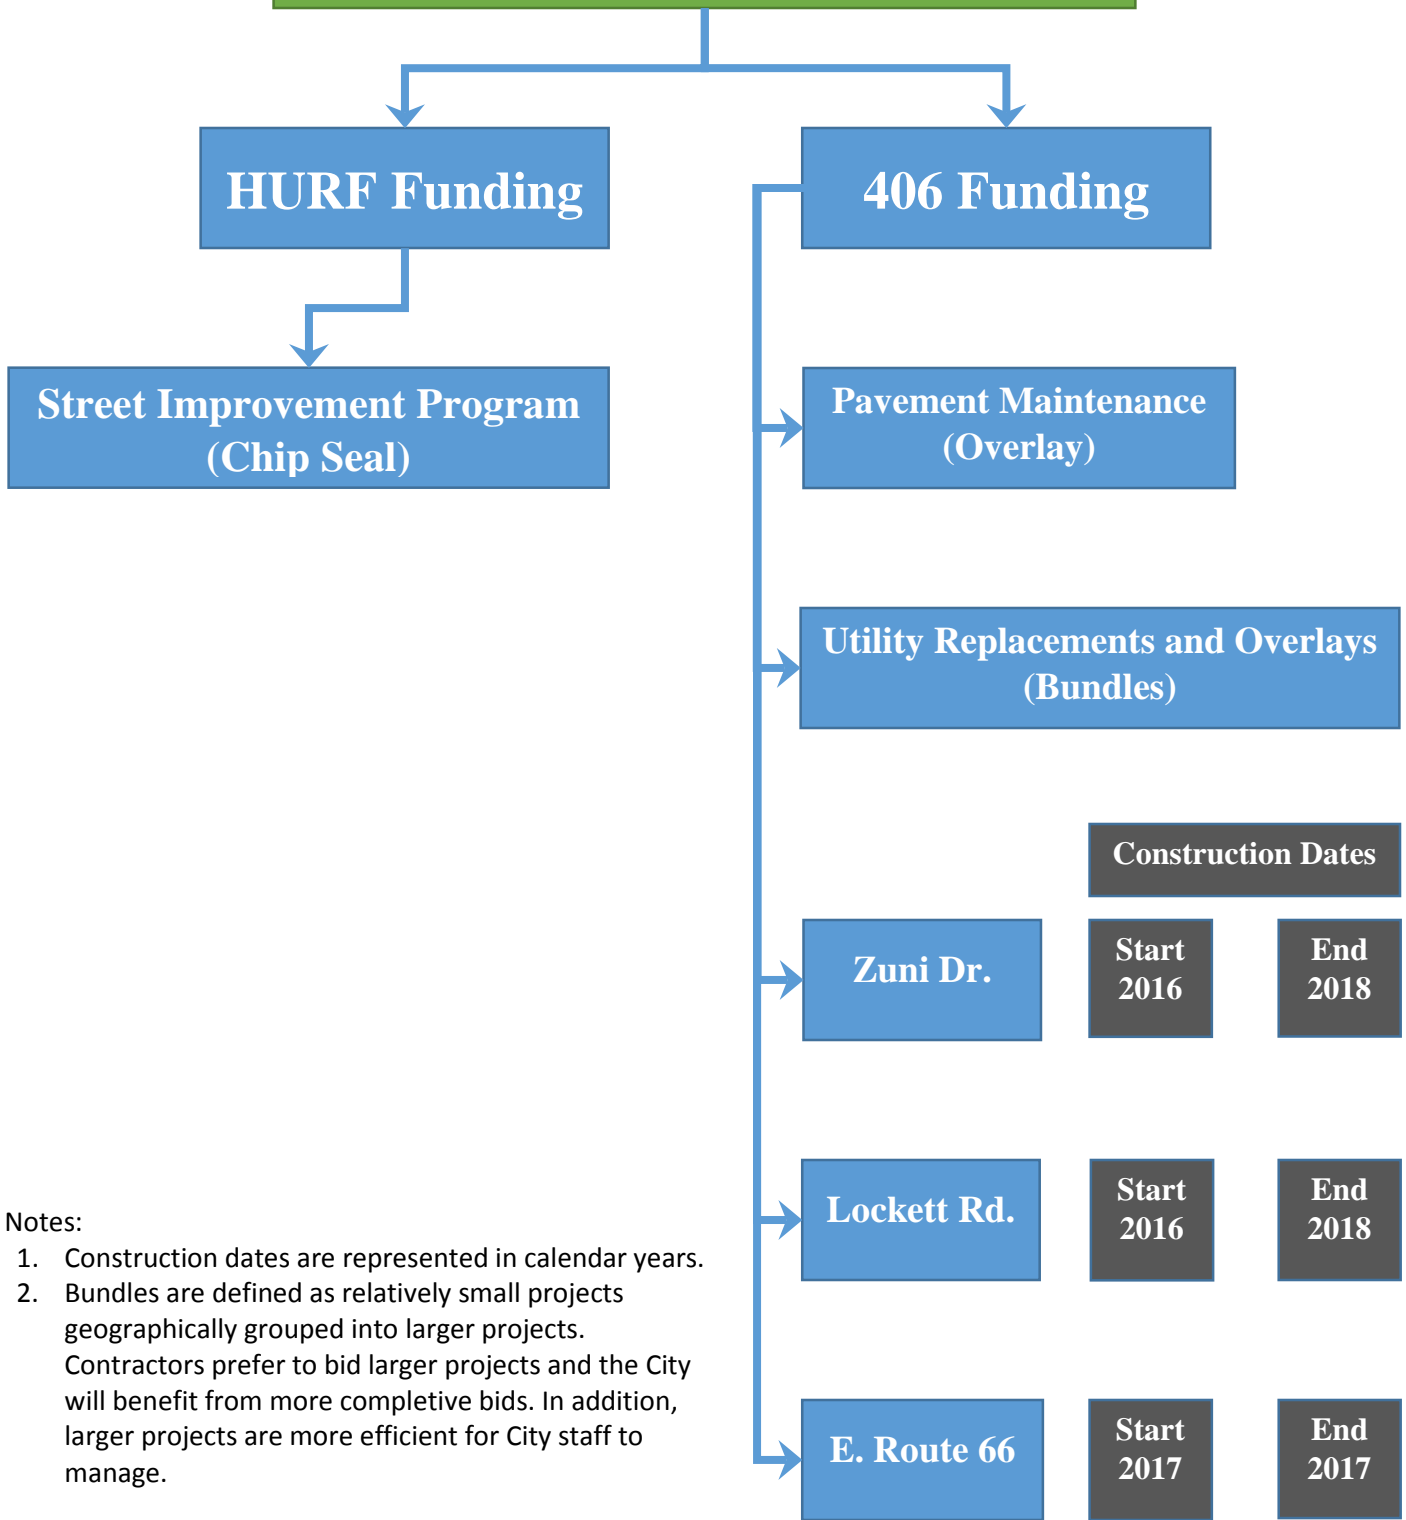

Four documents are attached to provide current and future information on road projects.

1. Paved Roadway Repair Flowchart – indicates bundled projects through RRSSI through 2018
2. Chip Seals completed and/or scheduled with HURF funds in the 2015 and 2016 construction seasons
3. Overlay projects completed and/or scheduled with RRSSI funds in the 2015 and 2016 construction seasons
4. Bundled projects anticipated for the construction seasons from 2017 through 2021

RECOMMENDATION / CONCLUSION

This report is provided as information only.

# Paved Roadway Repairs

**Notes:**

1. Construction dates are represented in calendar years.
2. Bundles are defined as relatively small projects geographically grouped into larger projects. Contractors prefer to bid larger projects and the City will benefit from more competitive bids. In addition, larger projects are more efficient for City staff to manage.

For a list of completed and planned streets, please see the Interactive Map on City of Flagstaff Website under Road Repair and Street Safety Updates.

The link can be found under Popular Links on the City of Flagstaff’s Home Page, also see the same link below:
