**Small Business Waste Program (SBWP)**

The SBWP provides a safe, affordable and ecologically appropriate option for small businesses to dispose of hazardous waste in accordance with Local, State, and Federal regulations

**Requirements**

To utilize the SBWP, businesses must qualify as a Very Small Quantity Generator as defined by the following criteria:

- Accumulate 1 kg (2.2 lbs.) or less of acute hazardous waste in a calendar month
- Accumulate 100 kg (220 lbs.) or less of non-acute hazardous waste in a calendar month
- Accumulate no more than 1000 kg (2200 lbs.) of non-acute hazardous waste at any given time

After determining if your business qualifies as a VSQG, you must:

- Call the HPC at (928) 213-2159, or send an email to [hpc@flagstaffaz.gov](mailto:hpc@flagstaffaz.gov) to set up an appointment
- Give a detailed inventory of your hazardous waste and any SDS's that pertain to your drop-off
- On the day of your appointment, safely and securely transport your hazardous waste to the HPC with proper labeling and containment
- NOTE: The HPC reserves the right to refuse any waste not declared at the time the appointment was scheduled.

To see the costs associated with the SBWP, accepted items, or alternative methods of disposal, visit [www.flagstaff.az.gov/HPC](http://www.flagstaff.az.gov/HPC)
