

# **Flat Tire Fix-it Clinic**

**Gear Girls Junior Coaches  
AZ Trail Association**

**Mentor-Sabrina Carlson**

---

**Cooper Spillman, Cassidy  
Spencer, Sophie Lyn,  
McKenna Marino, Katherine  
Foley, and Cate Donaldson**

# Purpose of Project

1. To encourage people to ride bikes instead of driving cars
2. To reduce greenhouse gases emitted by cars
3. To help people fix bikes they already have instead of having to use energy to produce new ones
4. To prepare for bike to work week

# Steps to our Project

What we have done

1. We learned about climate change
  2. We decided what our project would be and what to focus on
  3. We got in touch with a bike mechanic
  4. We learned how to fix flats
  5. We researched places for the clinic
  6. We contacted bike shops for help
  7. We got permission to use a space in the Sunnyside area
  8. We confirmed mechanics to help us with the fix-it clinic
  9. We created the slides
-

# Steps to our Project

What we need to do

1. We need to advertise
  2. We need to have the clinic!
-

# What next?

In the future...

1. Have Clinic multiple times when we have more knowledge and skills on repairing bikes
  2. Teach others how to repair their bikes to commute more often
  3. Educate people on how riding bikes is important to reduce their carbon footprint
