

The background of the image is a collage of various old, handwritten letters and envelopes. Some envelopes are addressed to 'Mr. Jim Dalton' at '413 15th St. Ashland, Ky.' and '109 Woodside Pl. E. Thomas, Ky.'. There are also circular postmarks, one of which clearly says 'NEWPORT NOV 19'. The handwriting is in cursive and appears to be from the late 19th or early 20th century.

#WriteItDown

Cora Cunningham-Mot, Joshua Riot, and Anna Hammond

Focus Area

Our focus area is in the waste/energy section and we're mainly working on renewable resources such as solar power funding. Clean energy sources are important for Arizona and we will never run out of sun, so solar power should be our number one source. What our

main goal is to get people at schools to write a letter to the government about what they want done for climate change.

Scope

- We are trying to get NPA students to write a letter about solar power and its effect on climate change in Arizona to a government official.
- Everyone and anyone can write a letter as long as it can fit in a generic envelope and is about the

topic of climate change.

- What we want the government to do after they get the letter is to take action and do

Something about climate

Change!

Needs and climate impacts

- ❖ Our target Group is Arizona's Government.
- ❖ Our Target group needs to have an understanding of what climate change is and a heart to do something.
- ❖ Climate change affects our group because they need to spend more of their finances to try and lower climate change rates and make it not as bad. We are focusing on a more statewide goal because Flagstaff is doing very good at creating renewable energy sources.
- ❖ They contribute to climate change the most because they are in control of funding for renewable power and have a voice people will listen to.

Project Type

- Our project is activism towards the government.
- We want to raise awareness about climate change, by getting people involved and in the form of a letter writing campaign.

The Project

Our project is a movement/campaign where people can enter their letter about solar power and their personal climate needs and opinions, we will send it to the government. These movements usually rely on large numbers of supporters to make a difference. It needs to be implemented in order to reduce the amount of pollution Arizona discharges into the air by supporting solar power.

SMART goal

- By the end of April we will have 200 letters or more written by students addressing solar power to send to the House of Representative by holding a raffle with prizes to incentivize students.

Make a Plan/Baseline

- ❖ We are going to pull this off by advertising around our school the information about what, where, and when. We are also going to be giving away prizes to people who write a letter. When they write a letter they will be entered into a raffle to win a grand prize. (We will be giving away 6 prizes.) When all the letters have been turned in we will send them out to the government and wait for a response.

- ❖ The information we can get

online are the addresses, names, and the best ways to write a letter to a political person.

- ❖ The metric goal is how many letters we can get to send.

Our Check

THIS CHECK CONTAINS SAFETY FRONT AND BACK. DO NOT CASH UNLESS YOU CAN SEE THE WORD "SAFE" WHEN HOLDING AT AN ANGLE

Tasks

Things that need to be completed are:

- Advertise around the school
- Fundraise to get both money for sponsors and prizes
- Get a sponsor (we already got Chipotle)
- Work at Chipotle to get the money
- Get prizes with the fundraising money
- Get people to want to write a letter to a house representative
- Send the letters to the House Representatives
- Do a raffle

Plan/Timeline

Our timeline is based off of sponsoring and letter writing limits.

Gather letters throughout the project starting on Earth day and then on the last day of Earth day week we will stop collecting letters.

Begin advertising the campaign on April 15, 2019. This project started on February 14, 2019.

Go to Chipotle on March 25 to do a fundraiser. We got our check of \$243.71 on April 4.

Check all the letters and send them to the state representatives. This will end April 26. and we will send the letters on April 28.

THANK YOU FOR LISTENING!
