SBA LOAN TYPES & TERMS: The SBA has many different types of loan programs. The flagship loan product is called the “7(a) Loan” and comes in many different formats and variations. You can borrow up to \$5 million (504 projects can go higher) with terms based on your ability to repay and the use of loan proceeds but cannot exceed 25 years. All SBA loans are fully amortized and do not include any balloon notes, points, or other typical commercial loan fees. Interest rates are capped by law. Loan approval is subject to SBA eligibility requirements and lender credit standards at time of application. Some loan restrictions apply such as business type – inquire with local SBA lender of choice.
