

## City of Flagstaff Backyard Livestock Keeping Permit

If you have any questions or need assistance in completing your permit application, contact [dlenzen@flagstaffaz.gov](mailto:dlenzen@flagstaffaz.gov) or 928-213-2158

Name: \_\_\_\_\_

Address: \_\_\_\_\_

City, State & Zip: \_\_\_\_\_

Phone Number: \_\_\_\_\_

Lot size (please check which category below):

- Less than 20,000 square feet
- 20,000 to 29,999 square feet
- Greater than 30,000 square feet

If you are unsure about your lot size, we recommend using Coconino County's Parcel Viewer map, which you can access through [www.flagstaff.az.gov/livestock](http://www.flagstaff.az.gov/livestock)

Are you currently keeping small livestock animals and/or bees? Yes \_\_\_\_ or No \_\_\_\_

What number and type of livestock animals do you plan to keep:

| Type Of Livestock Animal:                          | Total Number Of Each Animal Type: |
|--|-----------------------------------|
| <input type="checkbox"/> Chicken:                  | _____                             |
| <input type="checkbox"/> Ducks:                    | _____                             |
| <input type="checkbox"/> Rabbits:                  | _____                             |
| <input type="checkbox"/> Pygmy Or Miniature Goats: | _____                             |
| <input type="checkbox"/> Bees                      | _____                             |

Please attach a site drawing identifying the location of your livestock shelter in relation to property lines and the nearest neighboring dwelling (for an example of a site drawing, visit [www.flagstaff.az.gov/livestock](http://www.flagstaff.az.gov/livestock))

Please answer the following general questions (you may attach additional sheets of paper if more space is needed):

Describe your chicken coop or other livestock shelters:

How do you intend to use your livestock animals (companionship, eggs, meat, etc):

Describe the steps you intend to take to reduce nuisances that your neighbors may experience, such as noise, odors, rodents, flies, and other pests:

Roosters are prohibited in Flagstaff. What is your plan to prevent roosters from becoming part of your flock or remove roosters if they do:

The City's code is designed to consider animal welfare. What steps will you take to ensure the welfare of animals that you are keeping?

**By signing below, the applicant agrees to comply with all provisions in City of Flagstaff Animal Keeping Code (Chapter 6-03).**

- May keep no more than the allowed number of chickens, ducks, rabbits, and pygmy/miniature goats.
- No roosters are allowed.
- The livestock animals must be kept in an animal shelter from sunset to sunrise. At all other times, animals must be contained within the rear yard of the property.
- Animal shelters must be located no less than 10 feet from property lines abutting a neighboring lot or parcel and at least 20 feet from nearest neighboring dwelling.
- Winged animals must have wings clipped or be contained in a covered enclosure at all times to ensure containment on the property.
- Livestock animals must have access to a minimum of ten square feet of permeable outdoor space per poultry or rabbit, and 130 square feet per miniature goat.
