

Are you ready for monsoon season?

A checklist for flood preparedness

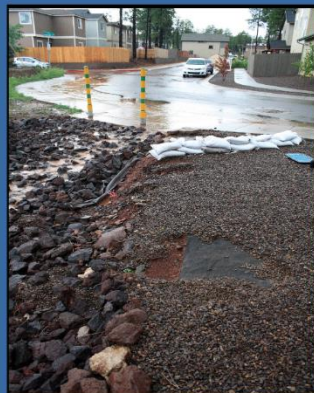

Monsoon Season: June 15 - September 30

- ✓ If you live or own property in the Museum Flood area, be aware that your property will remain at high-risk for post-wildfire flooding for several years. Resources available here: Coconino.az.gov/2133/Museum-Fire-Flood-Area
- ✓ Make sure that the sandbags placed to protect your property do not negatively impact your neighbors. Find sandbag locations and more information here: Coconino.az.gov/2134/Sandbag-Information
- ✓ Be sure that surrounding drainages and channels are clear and free of debris. Fences and debris become barricades and can lead to flooding on adjacent properties. To report drainage and debris issues, call **(928) 213-2400**.
- ✓ Contact your property insurance agent to see if a flood insurance policy would help you.
- ✓ Talk to the Stormwater Section **(928) 213-2472** about protecting your house or business from flood damage.
- ✓ Check / prepare plants and windows for rainfall and wind risks.
- ✓ Prepare an emergency kit in case of flooding or power outages.
