20 and 60 Minute Calls Holding by Day of Week (This custom report is being configured)

In an effort to be more transparent, we have started presenting arrest and victimization rates year to date. These statistics are currently being impacted by trends related to the Covid -19 pandemic. Flagstaff has seen less visitation and tourism, and a reduction in our college student population. This has positively manifested itself in reduced criminality and arrests in some areas. Our community is one of only a few that has provided additional housing options for homeless populations. This has drawn more homeless individuals to Flagstaff. Unfortunately, we continue to see Native American members of our homeless population over-represented in both arrest and victimization data. Many of these arrests are on those who are not City residents, and many of these arrests are of repeat offenders.

November 2021 Year To Date: Felony Incidents- Victims by Race

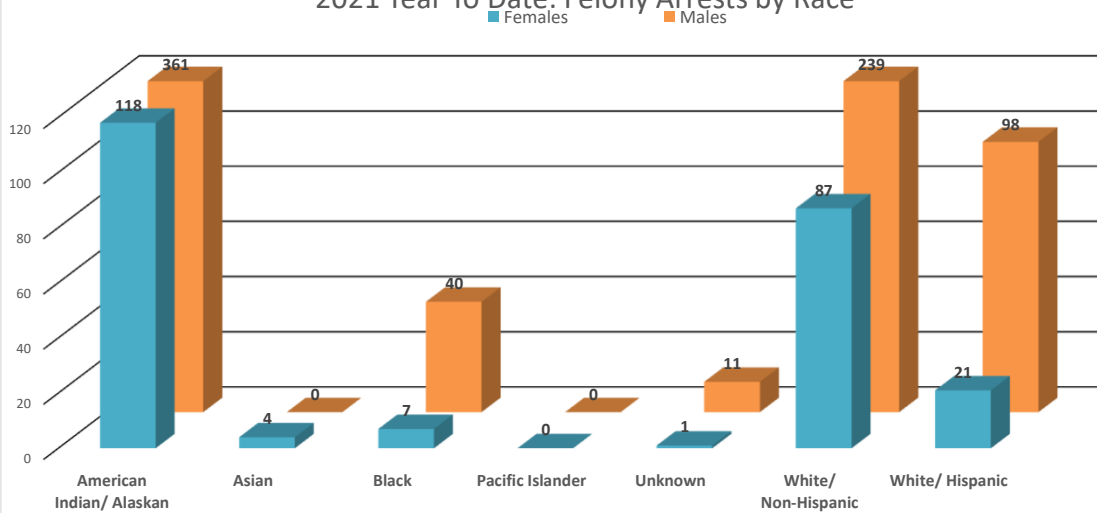

*This data is representative of a single, victim by race/ethnicity, in a single incident only. There may be multiple victims of the same race/ethnicity within that incident, but that data is not captured or displayed above.

**If there are multiple victims within the same incident, that have a different race/ethnicity, those differering races/ethnicities are identified and displayed above.

***If the same individual has been the victim of different incidents, that data is captured and displayed above.

November 2021 Year To Date: Felony Arrests by Race

*This data is representative of a single, individual arrest by incident only; these numbers do not reflect the total number of charges from a single incident.

**There may be individuals who have been arrested for different incidents; if the same person is arrested for a different incident (generally different time/date/location), that information is captured and displayed on the above chart.

In an effort to be more transparent, we have started presenting arrest and victimization rates year to date. These statistics are currently being impacted by trends related to the Covid -19 pandemic. Flagstaff has seen less visitation and tourism, and a reduction in our college student population. This has positively manifested itself in reduced criminality and arrests in some areas.
