

Pipeline West Flood Area

May 1, 2023

Welcome to the City of Flagstaff's Pipeline West flood area eNews. Please email info@pipelinewestflooding.com with any questions. These eNews will be released regularly to provide updates as information becomes available.

BACKGROUND

The Pipeline Fire was reported on June 12, 2022, approximately 6 miles north of Flagstaff within the Coconino National Forest. The fire burned 26,532 acres, including portions of the Schultz Creek and Chimney watersheds. A burn scar assessment and flood modeling subsequently showed potential post-wildfire flood risk to neighborhoods on the west side of Flagstaff. Both the City of Flagstaff and the Coconino County Flood Control District are collaborating with public and private partners and taking extensive measures and precautions to mitigate damage from future potential flood events.

SCHULTZ CREEK/ PIPELINE WEST FLOOD AREA COMMUNITY MEETING – MAY 8

The City of Flagstaff invites residents impacted by post-wildfire flooding in the Schultz Creek/ Pipeline West flood area to a community meeting on Monday, May 8 from 5:30 – 7 p.m. at Flagstaff City Hall (211 W Aspen Ave). During the meeting, City staff will discuss preparations for monsoon season and take questions from residents.

The meeting will be streamed online and can be viewed at flagstaff.az.gov/1461/Streaming-City-Council-Meetings. A complete recording of the meeting will also be uploaded to flagstaff.az.gov/PipelineWest after the meeting. Virtual participation, such as asking questions virtually, will not be available. Residents should attend in person to ask specific questions or email questions to info@pipelinewestflooding.com.

Reasonable efforts will be made to assist and accommodate persons with disabilities desiring to attend the meeting. If you need assistance, please email info@pipelinewestflooding.com.
